

Qualitative research into Vocaloid images on Danbooru

D. Bohdan (corresponding author, N.E.E.T.)

Abstract:

In this paper we seek to answer questions like "Is Miku turning completely blue?" and "Is flower's hair getting shorter?" I guess this is a little short for an abstract. Let's add a few more sentences just in case. We're going for six now. Still going. And here we are with an incredible result: 6 whole sentences, 5 unrelated to anything.
